US Patent D785,269 S.

Controls waste. Including wastes of time.

VICTOR STANLEY RELAY® TECHNOLOGY

Never make a half-full collection again. A wireless sensor and service that continuously monitors fill level, system temperature, weight, location and collection status, Relay is invisible to the public eye but you can log in and see how to maximize efficiencies in collection planning, scheduling, and routing. Victor Stanley is the only company that manufactures both the sensor and the receptacles that they fit (or retrofit). Innovative thinking we've been known for since 1962.

VICTOR STANLEY RELAY®

STREET LEVEL SENSING™ & WASTE CONTROL SERVICE

VICTOR  **STANLEY®**

Create a timeless moment.®
