VIRTUAL EDUCATION SESSION

UTILIZING SITE FURNISHINGS TO ENHANCE OPEN SPACES

Credits: 1.0 PDH – HSW

PowerPoint presentation educates the attendee about the structural and aesthetic qualities and implementation techniques of site furnishings.

Request a virtual session using our course request or sign up for a pre-scheduled course.

Learning Objectives: Develop an understanding of all types of site furnishings | Understand the materials used in production of these products and the pros/cons of each | Discuss aesthetic applications of each material and product design | Discuss the many different project types that may require, or could be enhanced by, site furnishings | Develop an understanding of local and national ADA standards regulations | Look into the future: What are future modifications, uses, and applications of site furnishings?

Register at <https://www.victorstanley.com/laces/courses/> for a scheduled course or request a custom session for your team using our course request.

The logo and word marks "LA CES" and "Landscape Architecture Continuing Education System" are a collaboration of the American Society of Landscape Architects, Canadian Society of Landscape Architects, Council of Educators in Landscape Architecture, Council of Landscape Architectural Registration Boards, Landscape Architectural Accreditation Board, and the Landscape Architecture Foundation.
