THE STELLA OF SUNNE™ COLLECTION.

Celebrating over 60 years, Victor Stanley designs, engineers and manufactures timeless site furnishings so you can bring communities to life. Our Stella of Sunne™ collection features a classic, minimalist look inspired by Scandinavian design aesthetics. Its eased edges and clean lines transform any environment into a comfortable and inviting space.

VICTOR  STANLEY®

Create a timeless moment.®

Stella of Sunne™ is a compelling union of simplicity and functionality. The collection includes a full family of furnishings to complete your space: benches, tables and seating, coffee tables, litter receptacles, and bike racks. It's just one more way Victor Stanley helps you create the perfect setting for timeless moments.

REN-45TD. Wood slats.*
STELL bench. Wood slats. US Patent D899,802 S.*

See product specifications for further details. Drawings are not to scale. Our TGIC powder-coating averages 8–10 mils (200–250 microns) thick and is applied in-house to ensure the highest level of quality. Offered in 15 standard, satin and metallic colors, plus a full range of RAL colors with available color matching. Additional cost may apply.

NEW! Fully-Enclosed Design

Introducing the Drawer Ren litter receptacle. This long sought after, fully-enclosed design, keeps waste in and rodents out to maintain your community's environment. It provides easy access via the drawer's handle or stainless-steel foot pedal, both rigorously tested for continued service year after year in even the harshest environments.

REN-36SDDD. Patent pending.

REN-45SDTD. Solid steel panels.

REN-36SDSD. Solid steel panels. Patented.

**Natural wood colors will vary. Weathering may occur on site which will alter the color of the wood over time.*

VICTOR STANLEY RELAY®

STREET LEVEL SENSING™ & WASTE CONTROL SERVICE

Relay Sensor and Service continuously monitors fill level. But that's just the beginning. Powered by our Street Level Sensing™ technology, Relay also...

- *Continuously monitors fill level, weight, temperature, location and collection status*
- *Measures air quality, foot traffic and noise pollution*
- *Tracks location via GPS, so you always know where receptacles were moved and where they belong*
- *Allows you to log on and view collection data in real-time and historically*
- *Boosts efficiency in planning, scheduling and routing collections*
- *Saves an estimated 70-90% in collection expenses*
- *Collects street-level data that can help cut CO2 emissions, improve public health and bring environmental equity to all parts of the city*

Victor Stanley Relay® uses technology, sensors and web services which we designed, built, and own, so you can rely on our product whether you retrofit Relay or make it part of your new receptacle orders.

Victor Stanley, a leader in quality site furnishings, helps you bring your visions to life. From benches and bike racks to smart litter receptacles, which use our Relay® Sensor and Service to enable efficient collection routing, we meticulously design, engineer and manufacture every detail to ensure our site furnishings will withstand the test of time. Celebrating over 60 years, we have helped create a place for people to gather, live life and make timeless moments.
