

*You can tell it's Victor Stanley.
It can tell your landfill diversion.*

INTRODUCING VICTOR STANLEY RELAY™

Never make another half-full collection again. Our Relay technology continuously monitors fill level, but that's just the beginning. It also conveys temperature, weight, location via GPS and collection status, in real-time and historically. We built the sensor to integrate invisibly and seamlessly with our waste and recycling receptacles, so you can take advantage of the cost and time efficiencies whether you retrofit Relay or make it part of new receptacle orders.

VICTOR  **STANLEY®**

Create a timeless moment.®
